**The WolfTrax WT-030**  
Effective, Economical, and Reliable

**New! TRACK SMS\***

See why **WolfTrax** is quickly becoming the standard in the vehicle finance industry.

Locate vehicle position by sending an SMS Text message from your cell phone

**Starter Disable \ Enable**

With **WolfTrax** Secure Online Web Application, all it takes is a click of your mouse on the "Disable" button the next time the ignition is in the off position, the vehicle is instantly immobilized.

**CHOOSE BETWEEN ROAD OR AERIAL IMAGE MAPS**

The **WolfTrax** electronic boundary feature (geo-fence) allows dealers to be notified immediately by cell phone or email when a non-authorized vehicle leaves dealer defined boundary. **WolfTrax** also allows dealers to be notified when a vehicle enters a pre -defined boundary (place of employment/home).
